 Flannel Gray / Black / Lime / Jade / Kelly Green / Billiard Green / Turquoise / Frost Blue / Electric Blue / Dark Royal / Navy Blue

Kippas are individually cut, imprinted individually, heat cured and hand sewn. So they could vary in size.

(Sizing is around 6" diameter / 7-1/4" folded in half) If you want them larger or smaller you need to let us know, we only manufacture 1 size.

REASON for the SIZE VARIATION: Felt Material is made of acrylic and polyester blends, we heat cure our ink imprint for durability, when heat curing the panels at 300+ degrees they could shrink a tad depending on the blend of the material. We have no control.

MATERIAL COLORS: Colors could vary do to the fiber die lots from one order to another. We have no control.

Over/Under Runs: As all imprinted Kippots are made to customers design. We cannot guarantee to ship the exact quantities ordered. There may be a plus or minus of 3% over or under run and will be shipped and invoiced accordingly.
